

# WALLED GARDEN

**FORMAT ARCHITECTS**  
**UK**

Working with Format Architects, andseventy produced a suite of images and Cinemagraphs for this exemplary 9,000Sqft home.

Our approach to lighting and landscaping enabled us to frame key viewpoints with the formal gardens and nestle the building within the larger existing trees neighbouring the site.

Our digital content aided the design development and was key to the planning application for this stunning new build.

**ART DIRECTION**  
**STILL IMAGE**  
**ANIMATION**
